**GERMANY MAY START WAR SOON**

**PRIVATE TELEGRAMS FROM BERLIN SAY THAT STATE OF WAR AGAINST U. S. EXPECTED IN FORTY-EIGHT HOURS**

**LONDON, March 23.**—"According to private telegrams from Berlin to the Amsterdam bourse Wednesday, it is expected that a state of war with the United States will be an accomplished fact within forty-eight hours," says a dispatch to the Exchange Telegraph from Amsterdam.

"American journalists in Berlin," the dispatch adds, "have been warned to this effect by the foreign office."

**WASHINGTON, D. C., March 23.**—Next to war, the attention of the American government is upon one other objective—the internal situation in Germany. With a military censorship screening the history-making events transpiring within the German empire and equally screening from the German people the full meaning of events in the world outside, the real condition of affairs in that country, guardedly reflected in dispatches from abroad, commands close attention.

**POSTAL SAVINGS HAS BIG INCREASE**

**OVER \$5,000,000 ADDED TO SAVINGS BY 700,000 DEPOSITORS. PORTLAND ONE OF MILLION DOLLAR CLUBS**

February, the shortest month in the year, rolled up the largest increase in postal savings deposits in the history of the service, according to figures made public by the post-office department.

Over \$5,000,000 was added to the savings of depositors, now numbering approximately 700,000.

Scores of small postal banks took in more money than they had accumulated in any one year. Foreign born depositors were especially active and their deposits ran larger than usual. Upwards of 80 per cent of the \$121,000,000 on deposit March 1st is owned by this class. Postal station B of New York, located on the East Side, made a gain in February of \$115,000. This station alone has \$4,000,000 on deposit, and is out-ranked only by New York city, Brooklyn and Chicago. Its depositors are largely foreign born.

Newark, N. J., Seattle, Wash., and Kansas City, Mo., jumped into the million dollar class of postal savings depository offices during the month, increasing the number in this class to sixteen: New York, Brooklyn, Chicago, Detroit, Boston, Pittsburg, Portland (Ore.), Philadelphia, Cleveland, Milwaukee, Butte, San Francisco, St. Louis, Newark, Seattle and Kansas City. Portland showed a gain of \$57,402, among twenty-two cities which had gains of \$23,000 for the month.

The February increase in deposits was general throughout the country, but some remarkable facts are disclosed by a careful analysis of the figures. For instance, the extreme northwestern and the extreme southwestern states showed the largest percentages of gain for the month—Washington, 18 per cent, and Florida 11 per cent. Other states reporting particularly big gains were South Carolina, 10 per cent; Idaho, 9 per cent; Michigan, 9 per cent; Indiana, 8 per cent; New Jersey, 8 per cent; Wyoming, 7 per cent; Louisiana, 7

**Look and Feel Clean, Sweet and Fresh Every Day**

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning limes bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and setting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach troubles, rheumatism; others who have sallow skins, blood disorders and sticky complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Ad.

**GET THE HABIT**

**IF KIDNEYS AND BLADDER BOTHER**

**FAKE SALTS TO FLUSH KIDNEYS AND NEUTRALIZE IRRITATING ACIDS**

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation, and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia water drink, which quickly relieves bladder trouble.—Adv.

**STOPS HEADACHE, PAIN, NEURALGIA**

Don't suffer! Get a dime pack of Dr. James' Headache Powder.

You can clear your head and rid a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This little time headache relief acts almost magically. Send some one to the drug store for a dime package and a few moments after you take a powder you'll wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you pay for.

**CLIP THIS OUT; MAY COME HANDY**

TELLS HOW TO TAKE SORENESS FROM A CORN AND LIFT IT RIGHT OUT

Hospital records show that every time you cut a corn you invite leeching or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freestone can be obtained at little cost from the drug store, but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of this on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky, but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.—Adv.
